

CALLISTO - LED INGROUND

Powerful LED Inground Uplight

Our Callisto product is a high-powered LED inground uplight. It is constructed from 316 stainless steel and is certified to IP68 making it perfect for external use in gardens, decks, porches, pathways, fountains, and even internally in areas such as bathroom floors. It features a tempered glass with internal diffuser for increased protection, and a waterproof cable. The Callisto is a larger diameter version of our Leda fitting.
