

IONIAN LED SPOTLIGHT

An IP68 rated Single-Colour & RGB Spotlight

Our Ionian adjustable LED spot light is compact in size and designed for applications where resistance to water and the elements is priority. It is small enough to be easily concealable in an installation, yet powerful enough to be utilised in a huge number of applications. It can be rotated through 360-degrees on its base, and 270-degrees on a tilt axis making it extremely versatile.

The Ionian spotlight is IP68 fully submersible and is manufactured from 316 Stainless Steel. It is available with an optional ground spike, making it suitable for outdoor use. It has been used with great effect in landscape lighting as well as in water features and fountains.

The luminaire is 350mA Constant Current and available in Cool White, Neutral White, Warm White, Amber, and RGB colour change versions.

Details

- Housing: SUS316
- IP Rating: IP68
