

JANUS I - DIRECTIONAL LED INGROUND

350mA Constant Current Single Colour LED Directional In-Ground Light

Our Janus LED Directional In-ground Lights are manufactured from 316 stainless steel and are rated to IP68 making them perfect for use in all internal and external applications. They feature a 3w high-powered Cree LED chip available in cool white, natural white, and warm white.

The Janus I features a single cutaway dome top giving you one direction of illumination from the fitting. It is also available in two other configurations: the Janus 2 which has a double cutaway, and the Janus 4 which has four cutaway sections in the dome.

The Janus In-ground range is 350mA constant current for wiring in series and each luminaire is pre-wired with a 3m 2x0.75mm external waterproof cable.

- IP Rating: IP68 suitable for indoor or outdoor use
- LED Source: 1 x 3W CREE
- Power: 350mA Constant Current
- LED Colour: Cool White, Natural White, Warm White
