

PACIFIC 6 - ADJUSTABLE SPIKE LIGHT

Powerful Adjustable LED Spike Light

Our Pacific 6 LED spike light is a powerful yet compact and discrete spotlight designed for landscape and feature illumination. It features a branded high-power 4W LED chip, 3mm toughened glass, comes pre-wired with rubberised cable, and is available in warm white, natural white, and cool white.

The Pacific range is designed with an advanced heat dissipation mechanism through the anodised aluminium body which improves the photometric performance, energy efficiency, and product longevity. The Pacific LED spotlight luminaires are available in either a round base or ground spike mounting option making them very versatile. They have been used with great effect in highlighting tree canopies and other garden and architectural elements.

Specification:
