

TELESTO 2 - LED UP-DOWN LIGHT

350mA Constant Current Single Colour and RGB LED Micro Up-Down Wall Light

Our Telesto 2 LED Micro Up-Down Wall Light is manufactured from an aluminium alloy and features two 1w high-powered Cree LED chips. At only 160g and a total height of 58mm, this square up-down light is both compact and discrete.

The Telesto 2 is available in cool white, natural white, warm white, single colours, and RGB colour change versions, making it incredibly easy to wire up to any constant current RGB controllers or DMX lighting control systems.

This product is secured to the wall via a circular mounting sleeve which it is supplied with along with some gel-filled cable crimps. It is a tough, rugged product that is IP65 rated making it suitable for use outdoor or in a wet environment such as a swimming pool area.
