

# EUROPA - MICRO LED INGROUN

## Professional Micro LED Inground Uplight

Our Europa product is a miniature LED inground uplight.

It is constructed from 316 stainless steel and is certified to IP68 making it perfect for external use in gardens, decks, porches, pathways, fountains, and even internally in areas such as bathroom floors.

It features a tempered glass for increased protection, and a waterproof cable.

The Europa is a very small diameter luminaire ideal for discrete lighting applications.
